HEALTH REMINDERS AND POLICY

Medical Policy

All children, prior to enrollment, are required to have yearly medical examinations completed and a statement from child's health care provider verifying the child to be in good health, immunizations up to date and child free from communicable disease according to the State guidelines and those of the Department of Health. Our Kids of the Kingdom medical form includes lead-screening results for children under 6 years of age. If our findings report that a child is missing any of the necessary immunizations, the parent will be notified and required to follow up with their child's primary care physician. We will be following all Covid 19 guidelines.

Parents must submit a copy of any and all updated immunizations as your child receives them, even if your child's annual medical exam is not due yet, as per New York State Licensing Requirements.

In addition to our Health Care Plan and Procedures here at Kids of the Kingdom, we observe your child's daily physical health. If your child becomes ill or displays symptoms of illness during the day, we will immediately isolate your child from contact with other children until you pick up your child. Therefore, immediate pick up is mandatory.

Exclusion Policy

For the safety and health of your child and the other children, please do not send your child back to the facility if they:

• Have a fever or has had a fever during the previous 48 hours, especially, if fever is accompanied by behavior change, stiff neck, a rash, unusual irritability, poor feeding, vomiting or excessive crying. Fever means:

- ❖ Oral Temperature above 101° Fahrenheit
- ❖ Rectal Temperature above 102° Fahrenheit
- ❖ Axillary (armpit or ear) above 100° Fahrenheit

- Are still in the first 24 hours of antibiotic treatment
- Have a deep persistent cough. As long as the cough is not deep and they know to cover their mouths, there is no problem with them attending Kids of the Kingdom. We instruct children, to cough into their sleeve or arm and NOT their hands to prevent them from spreading germs further via their hands.
- Have symptoms of a possible communicable disease (RED ITCHY EYES, SNIFFLES, SORE THROAT, PAINFUL EARS, STOMACH PAIN, HEADACHE, OR DIARRHEA)
- Persistent diarrhea, defined as three or more stools in a 24 hours period, when that pattern represents:

An increased number of stools compared to the child's normal pattern, an increase in stool water, or symptoms of dehydration (sunken eyes, dry skin, concentrated urine, small amounts of urine, or no urine in four hours); or accompanied with blood in the stool.

- Lice
- Undiagnosed skin rash and/or infected skin patches
- Vomiting two or more times in a previous 24 hour period.

Children may not return until a medical evaluation allows inclusion

Medication Policy

Prescribed medication for children with allergies, seizures or chronic illnesses will be given only with the following three items:

1. A labeled prescription bottle
2. A note from the doctor, stating the child's name, the name of the medication, the dosage, the times to administer, and a statement that the child care provider can administer medication.
3. A signed parent permission form to administer medication.

If your child has a communicable disease, please inform the program as soon as possible so that we can notify all parents and take the necessary disinfecting precautions here at our program.

Please note that in case of contagious illness we will notify parents by posting a notice in the building, and sending one home with each child. A child must remain out of the program for a 24 hour period, symptom free, before returning to school. If we send your child home during a session, we will send home a reminder of this precaution. Any form of viral or contagious disease that a child might have had must have a doctor's note stating the well being of the child and that the child is no longer contagious in order to return to Kids of the Kingdom.
